

# ANNUAL REPORT 2020

**Advocacy arm  
of  
BMCCI**

## Message from the **CHAIRMAN**

---

**W**e are grateful to God to have come to the end of 2020. The year came with unprecedented challenges, forcing all organizations including ours to adopt new methods in reaching our beneficiaries.

Despite the setbacks brought about by the covid19 virus, we are glad that we were not swept away. Instead, we were able to widen the scope of our operations. We held our first training for gender officers at the FCT Police Command, and engaged them on their role as duty providers in curbing GBV. We also extended our school campaigns on Resistance Mechanisms in Curbing Child Sexual Abuse to parents in private schools. Our gratitude goes to our supporters who have stood by us through the times. We also appreciate staff, volunteers and donors for all the work done.

As we approach the new year, we are hopeful that it will bring greater opportunities for us to reach more beneficiaries.

Mr Ademola Kasumu  
**Chairman.**
